

AMENDMENTS TO THE SPECIFICATION

Please amend paragraph [0039] as follows:

[0039] The various catalytic burners 18 are arranged in a ~~chamber 32~~ chamber 34 in which provision is also made for the mixing element 26 installed upstream from the burner 18. Using ~~chambers 32~~ chamber 34, heating gas 14 can be made to yield distinct temperature zones on the roller 12.
